Curriculum Appeal Accepted

President, KS Gamma Chapter

Your appeal to include computer science as an engineering curriculum was accepted by the 2005 Convention. You may consider students in computer science for membership in Tau Beta Pi.

You must add computer science to the list of eligible curricula in your chapter bylaws following the amendment procedure outlined in your bylaws. Please send a copy (electronic preferred) of the amended bylaws to Headquarters.

Thank you for attending to this important issue in a timely manner.

Tau Beta Pi Engineering Honor Society

To Whom It May Concern:

I am very pleased to write the letter in support of Tau Beta Pi membership for Valeriy Kolesnikov. I am Val's PhD advisor and believe that he meets all the membership requirements and would be a great benefit to the society. I had Val in several courses and he was consistently one of the very best and brightest students. Since passing his PhD preliminary exams, Val has worked on a research program combining adaptive multiagent systems with model checking based verification. His work has produced one conference publication that met with very favorable comments. He has completed approximately 50% of his research and I am certain the remainder of his work will culminate in a highly successful dissertation and the awarding of a PhD.

Please contact me at 1 (785) 532-6350, or by e-mail at sdeloach@cis.ksu.edu, if you have any questions.

Sincerely,

A handwritten signature in black ink, which appears to read 'Scott A. DeLoach'.

Hi Rebecca:

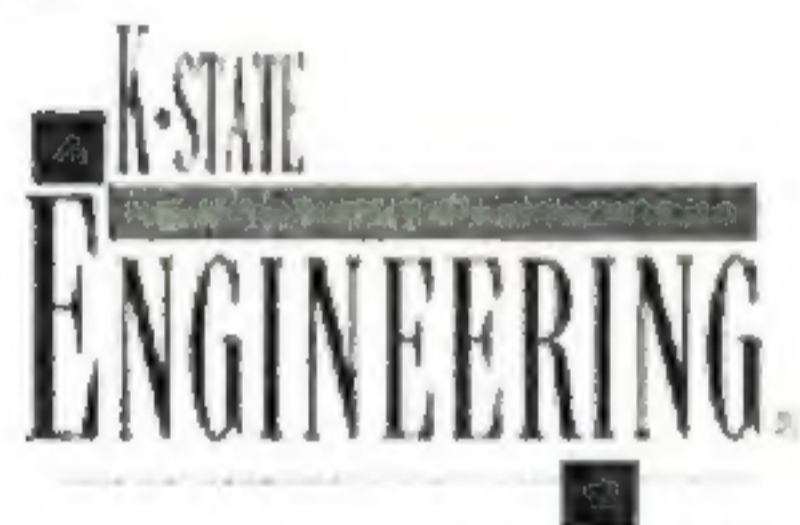

The Kansas Gamma Chapter has added an advisor, but there apparently is some problem with the TBP Web site as I can't seem to update our advisor list. Roger in your office and I were not able to access the page needed to update our advisor list. Perhaps you could enter the information for us.

I will remain as chief advisor but please replace Terry King who has become the Provost at Ball State University with our new advisor Richard R. Gallagher, Interim Dean of Engineering, Kansas State University. He was inducted into Tau Beta Pi at the Iowa State University Chapter, Iowa Alpha. Contact information for Dr. Gallagher is the same as it was for Dr. King.

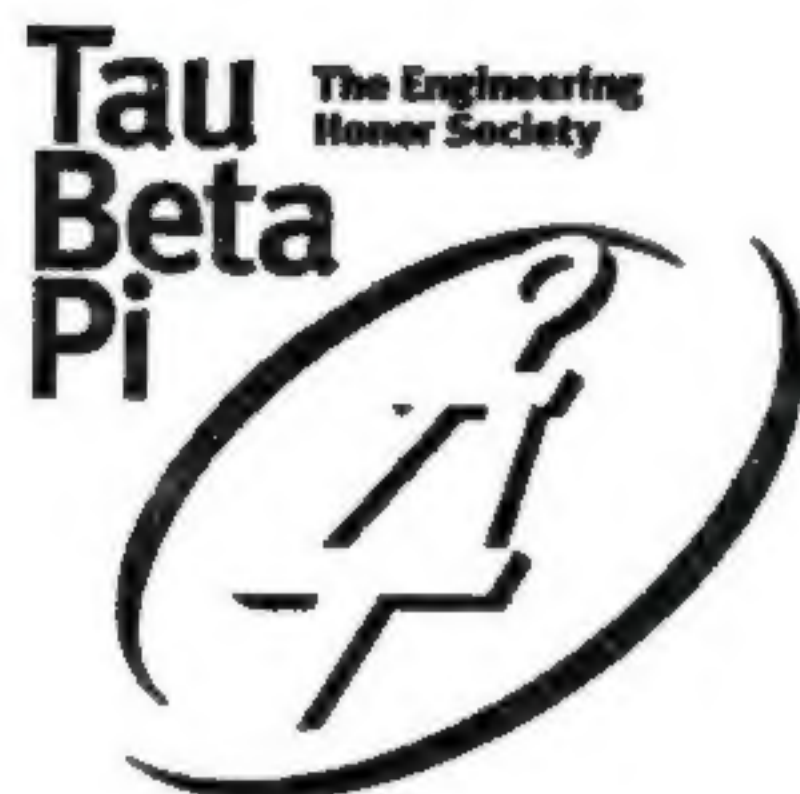

Thanks.

Dick

Dick,

On the short list, I put a * by each person that I couldn't find on our membership records. I checked Shing Chang as Shing Chang and Chang Shing. He along with some of the others may have "Americanized" their names when they were initiated, which is why I can't find them. Females are sometimes hard to find, too, because they get married.

On the other list, if I had more than one person with that name, or they weren't in the Manhattan area, I put need more information. Some of them though, I just need good addresses for.

Let me know if you have questions.

Rebecca:

We would like to invite members of our Kansas State University engineering faculty that are members of Tau Beta Pi to our new members installation next week.

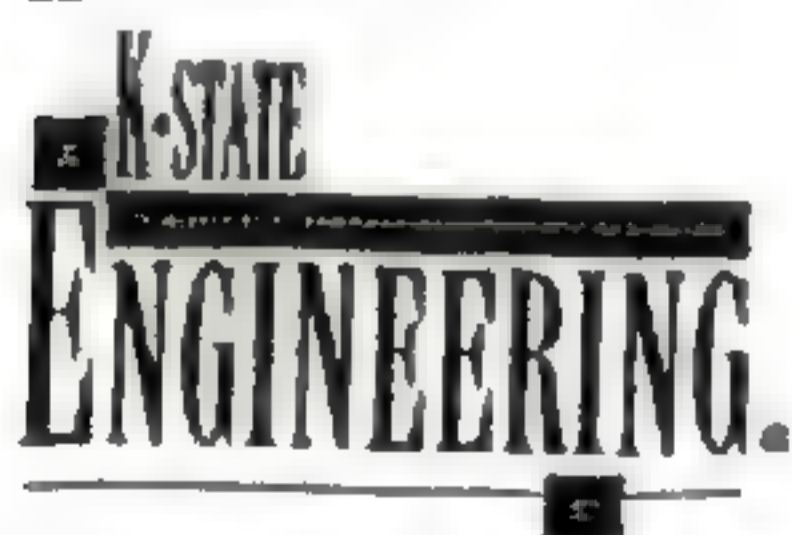

Roger suggested that I could send you a list of our faculty and you could tell me which are TBP members.

The list is attached.

I have also attached a list that we have on file that is, in theory, the TBP members on our faculty. I cannot vouch for its accuracy nor do I know when it was created.

Thanks for your help.

To Whom It May Concern:

Re: Letter of Recommendation for Mr. Daba S. Gedafa

I am writing this letter in support of Mr. Daba S. Gedafa who is applying for initiation into Tau Beta Pi. I have known Mr. Gedafa since Fall 2005 when he started his doctoral program at Kansas State University (KSU) under my supervision. As you may not be aware we have an excellent research program in Pavement and Materials at KSU. Our facilities on campus include two Superpave asphalt laboratories – one basic and one advanced. We also have an off-campus full-scale, accelerated pavement testing facility funded by the States of Iowa, Kansas and Missouri. Mr. Gedafa is one of the research associates of this program.

Mr. Gedafa received his B.S. from Addis Ababa University in Ethiopia – a very reputed university in East Africa. He received his M.E. degree from the Indian Institute of Technology (IIT), Bombay, India.

Mr. Gedafa has excelled in coursework and research throughout his academic career. Currently his GPA at KSU is 3.9 and he has completed all his course work (30 credit hours) and more than 60% of his research work. His GPA definitely puts in the upper 20% of our graduate student class of 30. He is a very quiet, intelligent, and industrious person.

Mr. Gedafa has already proven be very productive in research. Since 2005, he has worked on three different research projects sponsored by the Kansas Department of Transportation. Mr. Gedafa is prolific in publishing. He has already published a good number of peer-reviewed papers. He also has submitted a number of papers for the 2008 Annual Meeting of the Transportation Research Board, the transportation research arm of the National Academies to be held in January in Washington, D.C.

In summary, I would describe Mr. Gedafa as an outstanding individual who, thus far, has accomplished everything we expected him to do. I believe he will be able to serve you very well too.

If you need more information or need to contact me, I would be happy to discuss with you.

Very sincerely

A handwritten signature in black ink, appearing to read "Mustaque Hossain".

Nicole Vogt completed all the requirements for membership in Tau Beta Pi last semester. Her class rank is such that she is still eligible for membership this semester.

Unfortunately Nicole could not participate in the new member installation ceremony last semester because of a schedule conflict. Her rowing team coach required that she attend practice which was at the same time as the installation.

Therefore, we are seeking permission to induct Nicole at our Fall 2007 installation.

We still have plenty of time to get your certificates to you, if I receive it by Tuesday. I'll order your keys today since the chapter already has her key.

Lisa,

Instead of going to the fall update, just go to the office election report and check with each of your officers to make sure their school addresses are correct. You can't update the information on the office election report, so I don't think the corresponding secretary did that when the officer election report was submitted.

About the M&M's, just send Jim an e-mail with a description of which logo you're going to use. His e-mail is jim@tbp.org.

Whenever you find out about Derek, that will be fine.

Hi Rebecca,

I have been trying to access the officer information page under "Fall Officer Address Update" on tbp.org and keep being told "file not found" so I am unable to view the information and check myself that the officer addresses are correct. However, both last semester's and this semester's corresponding secretary were sure that they updated that information right after we elected officers, so the officer information you have on file should be correct.

Also, one of my officers said that you can special order M&Ms with a group logo or message on them and we were thinking that getting some with the Tau Beta Pi logo or bent on them would be fun for our initiation reception. I have previously been told that we needed approval from headquarters to use the TBP logo on anything and I wondered if it would be okay for us to do this?

Last thing - we are currently working to resolve the issue with Derek Taylor and I will let you know about it as soon as I can.

Thanks so much!

Thanks Rebecca.

I've been in the loop on a series of e-mails between our present chapter officers.

They are trying to track down what the status is of the replacement cards that Ian, in theory, is sending to TBP headquarters. We know that replacement cards were prepared by all of the new members from last semester with the possible exception of two. Whether those have been mailed is the question.

I'll keep you posted on the status as we learn it.

Subject: FINAL ACTION ACKNOWLEDGEMENT

To the President of the Kansas Gamma Chapter Date February 13, 2009

The Report of Final Action and photocopy of the Roll Book signatures for your 11/13/2008 initiation has been received. Thank you!

According to your report, your chapter initiated the following:

26 C-VIII, Sec. 2 Undergraduate
0 C-VIII, Sec. 3 Graduate Student
0 C-VIII, Sec. 4 Alumni This Chapter
0 C-VIII, Sec. 5 Alumni Other Chapter
0 C-VIII, Sec. 6 Eminent Engineer

26 TOTAL NUMBER OF NEW MEMBERS

If your chapter records do not agree with these figures, please notify me at once. Your chapter account is being charged with national fees and Convention assessments for this total number of new members. The fees and assessments are due within ten days after initiation.

Catalog cards or other materials needed from you to complete our records are noted below and must be sent immediately. If nothing is noted, then our record of the initiation is complete, thank you.

NOTE: Original catalog cards are needed for Abdullah Alhawas (make sure it includes his permanent address, even if it's international), Aaron Blush, Andrew Brown, Allen Chestnut, Monica Frey, Brent Hasenkamp, James Neihart, Seth Perkins, Patrick Shriwise (should also include his permanent address), and Katrina Voigt. It would be a good idea this spring to have your initiates fill out two cards, then if they get lost again in the mail, (which I hope won't happen), you can make a copy for your records and send us the other original card that they filled out. Do you want me to order keys and certificates now for the ones we have cards on or wait and see if you get the rest of the cards? Also, PLEASE have your initiates print their names beside their signatures. Not only does this help our office, it helps the chapter later on if you want to see if someone is a member. Rebecca

Rebecca,

As you may or may not know, our chief advisor, Dean Richard Hayter, is retiring after this year. We are having a large initiation/Engineering Awards Banquet later this month in conjunction with several other engineering organizations and would like to recognize Dean Hayter's many years of service to our chapter at that event. I was thinking of having a plaque made, but thought I'd check with you first and see if Tau Beta Pi has some sort of special gift or plaque, etc that is designed for such an occasion.

Thanks!

Sam:

I will be unable to attend the meeting on Thursday but I understand that Prof Keen and Prof. Satzler will be there.

You will need to borrow a key to Edwards Conference Room from the Dean's office, 1046 Rathbone.

As you probably learned when you called Tau Beta Pi, we must have the new member election results into Tau Beta Pi by Monday, April 20th. Therefore, the four new member candidates that must still participate in a service project must complete their participation no later than April 19th. I suggest that you take a vote of the officers to approve all of the new member candidates on Thursday with the proviso that the four needing a service project must do so by the 19th. The four must then immediately contact either Jonathan or Adriann (you pick one) by the night of the 19th to let them know that they participated in a project. On Monday morning, April 20th complete the election results form and send it to Tau Beta Pi.

Although the four have been notified that they must participate in a project and they have received a list of alternatives from Adriann, I suggest that they get a clear reminder of the deadline for completing a project and that they must contact whichever officer you select no later than April 19th..

Good luck at the Thursday meeting.

I double checked your report of election. At this time, your chapter doesn't have approval to initiate anyone because the report of election hasn't been filled out and submitted. The chapter asked for an extension to April 20. My preference is to have it in prior to that time. From something that Dr. Hayter said, there's a very few who need to do a service project this weekend. However, the chapter could go ahead and fill out the information on all of the others.

Hi Rebecca:

I appreciate the help you have given as our Kansas Gamma Chapter completes its reports for the spring term.

As I mentioned, our new chief advisor was just installed as a new member of TBP last month. As a result, at the moment, we're unable to add him to the advisor list.

The following is information that I think is needed by Tau Beta Pi.

I will need an updated copy of your bylaws. We prefer an electronic copy. I'll go ahead and approve everyone before we have the bylaws. However, I'm going to be out of the office tomorrow, so it will be Thursday or Friday before I'm able to do that.

Rebecca,

We discussed these students at our meeting last night. Dean Satzler checked their academic records and each of them meet the requirements posted in our bylaws. Eric Tran was the one exception. However, we took action at our meeting to amend the bylaw or whatever wording is necessary to allow students with above 90 credit hours with 80 of them graded to only need 25 credit hours at Kansas State, all of which are graded into the scope of Tau Beta Pi for KS G.

Thanks,
James Swanson

James,

KS Gammas bylaws state that juniors must have completed 60 credit hours with 55 of them graded. Of those 60, 30 must have been at KSU with 25 of them graded at KSU.

Based upon the information their catalog cards, I need to know if the following students have met that criteria:

Paul Carnahan, Hunter Ellsworth, Zachary Kail, Kira Klein, Nam Nguyen, Lauren Sturn, Eric Tran, and Justin Vibbert.

I can't give you initiation approval or order keys and certificates until I hear from you. Thanks in advance for your prompt response.

Hi Rebecca,

Crystal is classified as a junior, however, only 15 hours have been completed at KSU. She is in 16 hours this semester.

Our Registrar's Office apparently only checks that they have completed at least 60 hours and is not looking at how many hours were completed at KSU.

If she needs to wait that is fine. I will call you tomorrow so we can work things out since our initiation is tomorrow night!

The persons listed below were elected by your chapter during past initiation seasons as noted. They have refused membership for financial reasons (Constitution Article VIII, Section 10) or have simply missed attending a formal initiation. Unless their election is to be cancelled, at the option of your chapter, the following three options apply:

- A) Persons whose names appear on this list and who remain eligible for membership may be initiated at the next regular initiation without re-election. Such electees who graduate may be initiated without re-election within five years from the date of election.
- B) Persons listed who become academically ineligible **and** whose postponements have been **approved and documented** by the Advisory Board may be initiated at the next regular initiation.
- C) Persons listed who become ineligible and whose postponements the Advisory Board, has not approved, **must** become eligible again and be re-elected during a subsequent term in order to be initiated.

If it is inconvenient for them to return to your chapter for initiation, arrangements can be made through the National Headquarters for their initiation by chapters near their homes.

Please indicate the action to be taken on each electee listed: i.e., to be initiated on _____ (date); election cancelled by the chapter; continue financial refusal or postponed status; etc.

If your chapter does not want individuals to order stoles and honor cords through the General Store, you need to make sure they know this either via email, phone, facebook, and/or announcements. They get upset with Headquarters when they find out they can't order them. Headquarters also has to issue them a check.

Also, when your chapter orders stoles and honor cords for your members to wear at graduation, you MUST let your members know that they have been ordered and when and where to pick them up. We're receiving requests from people who have ordered them online through the General Store and then after they find out the chapter has ordered them, they want a refund from us. We cannot do this.

Because the chapter orders in bulk, the cost for the stoles and/or honor cords is less than it would be if a student places an order through The General Store on our website.

Chapter should also place their orders on the chapter website, NOT The General Store. They can be ordered on the chapter website where all of the other chapter supplies are ordered, or you may email me or call me. Please let me know when you plan on distributing them, NOT the date of graduation.

If you want your chapter added to the list, please let me know.

Ms. Davis,

Thank you for your swift response!

You're welcome.

I will get the ballot to you within in the next week.

Thanks.

I will also consult with the other officers and determine why the initiation fees have not been paid. Do these fees include just the initiation kits and bents that we order through the eligibility report, or is there another place I should look to determine how much to make the check out for? Lastly, Is this typically a duty of the treasurer or another officer, or does it vary by chapter?

It is \$39.00 per each person who is initiated. It varies by chapter. However, the statements go to the president, treasurer, and chief advisor of the chapter. Some chapters require a more detailed statement than what is emailed to those officers. I don't think yours does, but the bookkeeper or I can email a detailed one if necessary. We just need to be told.

Just confirming, the election report is due two weeks before initiation?

That is correct. However, if the chapter wants keys and certificates for the initiation, the time span is 3-4 weeks.

I though I had submitted the officer signature form on the 19th of February? I will forward you the emails regarding the form, jsut in case it was lost in transition.

I accidentally deleted about a month's worth of emails around that time. There is a possibility that your signatures were deleted.

Thank you again for all your help!

Subject: Tau Beta Pi - KSG - Questions

Ms. Davis,

My name is Eric Fletcher and I am the corresponding secretary for the Tau Beta Pi KSG chapter. I was wondering if you could possibly answer a few questions I had regarding chapter reports for the semester?

The first question is regarding the constitution ratification ballot report. Attached is a pdf file of the ratification ballot I located on the national website, and I was wanting to confirm with you that this is the correct ballot? Also, I see at the bottom of the form that we are supposed to scan and email you the ballot, but an email I received recently from hq states that we are to mail the ballot in through first class. I was wondering if I should email it, mail it, or both?

This is the correct ballot. Email or fax is fine. That way, it doesn't get lost in the mail. :)

I am also inquiring as to the report status of the roll book signatures and fees for the fall semester. The previous corresponding secretary stated she had sent in the roll book signature report (and I believe the treasurer has taken care of the fees report?), and I was wondering if there was a problem with our submission, or if the grades for these reports are not in the system?

I just forgot to give a grade for the Final Action and signatures. However, we haven't received the initiation fees. They are due two weeks after the initiation.

My final question is regarding the initiation for this spring semester. I see that on the report status page, the initiation is not yet approved. Is there anything else our chapter needs to do to have this initiation approved?

The election report has to be filled out and submitted. You can have approval without the cards being filled out, but each initiate is to fill out their own cards.

FYI, we still need an officer signature form for the spring officers.

Thank you very much for your assistance, time, and consideration!

You're welcome. Please don't hesitate to contact me. Chapters that stay in contact with HQ are the successful chapters.

Sincerely,

Eric Fletcher

Spring 2013

The persons listed below were elected by your chapter during past initiation seasons as noted. They have refused membership for financial reasons (Constitution Article VIII, Section 10) or have simply missed attending a formal initiation. Unless their election is to be cancelled, at the option of your chapter, the following three options apply:

- A) Persons whose names appear on this list and who remain eligible for membership may be initiated at the next regular initiation without re-election. Such electees who graduate may be initiated without re-election within five years from the date of election.
- B) Persons listed who become academically ineligible **and** whose postponements have been **approved and documented** by the Advisory Board may be initiated at the next regular initiation.
- C) Persons listed who become ineligible and whose postponements the Advisory Board, has not approved, **must** become eligible again and be re-elected during a subsequent term in order to be initiated.

If it is inconvenient for them to return to your chapter for initiation, arrangements can be made through the National Headquarters for their initiation by chapters near their homes.
